### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The instant invention claims a furan polymer impregnated wood and a method to obtain such wood. The closest prior art references that relate to the claimed invention are WO'660, WO'638 and USP'984.

The prior art teaches that it is known in the art to make and use furfuryl alcohol. However, the prior art does not teach or fairly suggest the instant invention wherein the specific composition and method is used to impregnate wood.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
